Jones County Dairy Co-op Plant Starting

Contract for the building of the cheese plant to be erected at Anson by the Jones County Dairy Co-operative has been awarded to C. B. Mallet, Abilene, who has been engaged in construction work in and around Abilene for 20 years. The building will cost approximately \$10,000.00.

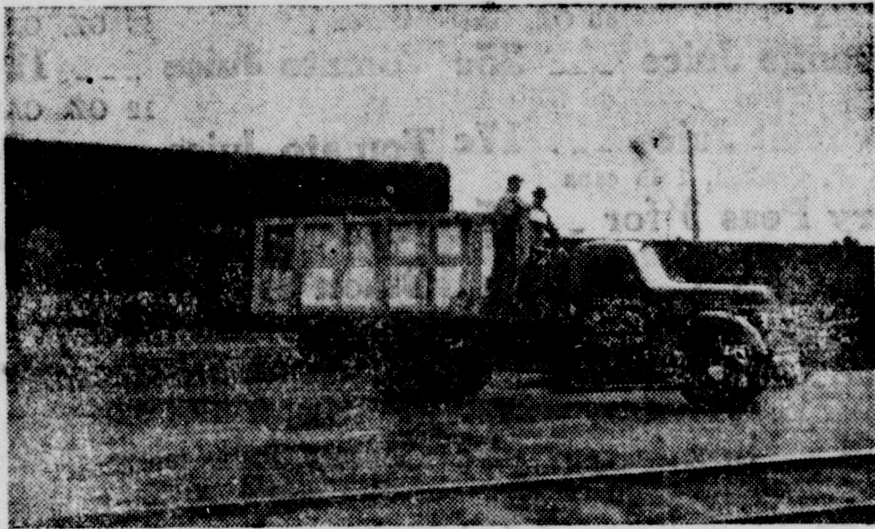

Actual construction work will begin Monday, February 16, according to Mr. Mallet. With favorable working conditions Mr. Mallet thought he could complete the building in 40 working days. Local help will be used whenever and wherever possible.

Size of the building will be 50 by 100 feet. Construction will be of cream colored tile from the Elgin Tile Works, Elgin, Texas. The building will have a steel truss supported composition roof with 20-year guarantee. The floor will be concrete.

Work on installation of machinery and equipment will begin just as soon as the building reaches a stage where the machinery and equipment will be protected from the elements.

A building committee composed of B. A. Stephenson, Roy Moritz and L. C. Breland has been appointed by the board of directors. Stephenson is president, Breland is vice-president, and Moritz is secretary of the Jones County Dairy Co-operative. Other members of the board of directors include S. E. Lawrence, J. W. Chandler, J. H. Doty and J. S. Austin.

The board of directors believes the plant will be in actual operation some time between April 1 and May 1, possibly as early as April 1 if weather conditions permit the speedy construction of the building.

On the truck is the 800 gallon whey tank for the Jones County Dairy Co-operative Cheese Plant now being set up at Anson. The Anson plant just got under the wire of war priorities for plant equipment. Practically all equip-

ment and machinery is either already unloaded at Anson, in transit, or in storage at Dallas awaiting the order to ship as soon as the building is advanced to a stage where the machinery can be installed.

This is one of the big 10,000 lb. capacity stainless steel cheese vats unloaded at Anson this week for the Jones County Dairy Co-operative Cheese Plant now under construction at Anson. Creamery Package Mfg. Company, the company

supplying the machinery for the plant, says that this is the last stainless steel vat being shipped. Two such vats were unloaded this week at Anson. These vats will handle 20,000 pounds of milk daily.

Chamber of Commerce Banquet Well Attended

Thursday night of last week, the Hamlin Chamber of Commerce held its annual banquet in the basement of the Methodist church.

All our neighboring towns had representation at the banquet and a general good fellowship prevailed.

The retiring president, I. R. Witt presided at the head of the table, joined by Mrs. Witt, Mr. and Mrs. Henry Albritton, Mr. and Mrs. Bert Dean of Anson, Senator and Mrs. John Lee Smith of Throckmorton and the Secretary, Miss Dorothy Gardner.

At the several tables the hosts and hostesses were Mr. and Mrs. Bob Campbell, Mr. and Mrs. Holly Toler, Mr. and Mrs. John D. Ferguson, Mr. and Mrs. Kurt Schoemann and Mr. and Mrs. Jack Russell.

The music for the occasion was furnished by a sextett of young ladies from Abilene Christian College with Harold Fletcher as accompanist. They rendered a number of songs in a unique and charming manner.

The address of the evening was delivered by Senator Smith who always meets any occasion with a good talk.

The meeting was concluded by announcing the new President Henry Albritton and new directors, Harold Bonner, W. C. Russell, Mac Brundage and Eddie Jay.

Shirer's Berlin Diary Reviewed by Mrs. Ball

Under the sponsorship of the Woman's Literary Club, Mrs. Ball presented William Shirer's Berlin Diary at the Methodist church Tuesday night in the presence of a large number of attentive listeners. Mrs. Ball more than entertained her friends, she gave much information that every American should know by now and should have learned years ago, along with William Shirer, who tried to tell us while reporting conditions in Europe before and during the first two years of the present war.

Many people have read Berlin Diary, in part or in its entirety, but each time those daily statements are heard it is still new and shocking. It really makes one feel that this nation of ours and several others as well would take the prize for "being dumb". Mrs. Ball, let the Herald say, you really can tell your friends what you read, and forcefully, too.

MEET HIM

Deputy Collector Will H. Talbot will be at Hamlin Post Office on Friday, Feb. 27, 1942, from 8:30 A. M. to 5:00 P. M., to render assistance with income problems to any who desire it. This will be the only visit that can be made to your city before the end of the current filing period on March 15, 1942.

Employees Buying Defense Bonds

District Manager, Francis

Nearly a thousand West Texas Utilities Company employees in 166 communities are getting organized to help lick the Japs and the Germs with dollars—as well as kilowatts.

Results of a survey as announced by District Manager K. K. Francis, it was learned that 79 per cent of all WTWers already are buying defense bonds and stamps.

Mr. Francis said that participation is strictly on a voluntary basis and that the program will supplant a payroll allotment deduction plan.

The company recently announced purchase of \$50,000 in U. S. Defense bonds subscribed on a prorate basis in the various communities it serves.

"Including the loyal support of the men and women of our organization, and the \$50,000 subscription by the company, we are indeed proud of the part taken by our West Texas Utilities in the defense program and challenge any similar institution, even a fraction of its size, to surpass our record," Mr. Francis said.

Over 40 employees of the company, he added, now are serving in the armed forces with a dozen others expecting immediate call.

County War Effort Is Organized for Action

Responding to requests for stepping up "defense" efforts in Jones County, a meeting was called at the Ansford Hotel in Anson Tuesday night.

Hamlin was represented by Tate May, Ted Russell, Bob Campbell, Ivy Witt and Henry Albritton. Time and space does not permit the Herald to give much about this meeting. Information was not received till Thursday morning.

As we get it, the "effort" is called "Defense", but in all reality since that term has long been overworked, it should be called "WAR EFFORT", for we are in war and in an agricultural community like Jones County, Food are important. Jones County, Foods are important. a wide field.

Hamlin's area has been designated, and it began Thursday night, Feb. 12 at Plainview.

Monday night at Wise Chapel—Feb. 16, at 8:15.

Tuesday night at Dovie—Feb. 17 at 8:30.

Thursday night Flat Top—Feb. 19 at 8:30.

Hamlin's leader is Ted Russell

The objectives to set out to accomplish are FOUR.

1. FOODS, with Bob Campbell, Mac Brundage, J. B. Terrell, Eddie Jay and Miss Elmerene Barron on the committee.

2. SCRAP METAL — With Ivy Witt, J. E. Moody, T. E. Harden and R. S. Johnson.

3. TRACTOR REPAIRS — Tom Teague, John Ed Day and Stanley Carmichael.

4. BONDS AND STAMPS—Harold Bonner and Tate May.

People in the various communities are urged to attend these "Organizing" meetings. There perhaps one can learn what is wanted and needed in this line.

O. D. Conner and wife and two children came up from Camp Wolters, Mineral Wells, last Friday on a ten day furlough. O. D. is in Headquarters detachment 1866 Corps Area Service Unit. Conner has had nine years in the Army.

Men Up To 46 Years Must Register Feb. 16

Here are the things you need to know about the registration for selective service:

1. The date: February 16, between the hours of 7 A. M. and 9 P. M.

2. Who must register: All men who have not reached their 45th birthday as of February 16, 1942, who have not previously registered. You must register if you would be 45 on Feb. 17th.

3. Where: Probably at your local school houses. The Governor has issued an official proclamation on setting aside the school buildings on that day for registration purposes. However, other arrangements may be made locally.

4. If you are away from home on February 16: Register, wherever you are, being certain to carefully specify, your home address so that the registration card may be forwarded.

5. If you have no home: In metropolitan areas, special registration places will be arranged for transients.

6. If you are ill or incapacitated: A special registrar will be provided to call upon you if you advise registration authorities.

7. If you are in prison or another institution on Feb. 16, register on the day you are dismissed from the institution.

8. Who is exempt from registration: The official list of exemptions as compiled by the office of state Selective Service Director J. Watt Page follows:

Commissioned officers, warrant officers, pay clerks and enlisted men of the regular army, navy, and marine corps, and the coast guard, the coast and geodetic survey, the public health service, the federally-recognized active national guard, the officers reserve corps, the regular army reserve, the enlisted corps, the naval reserve, and the marine corps reserve.

Cadets in the U. S. Military academy; midshipmen in the U. S. Naval Academy, cadets in the U. S. Coast Guard academy; and men who have been accepted for admission at the next academic year in either of these schools; cadets of the advanced course, senior division, R. O. T. C.; and diplomatic representatives, technical attaches of foreign embassies and legations, consuls general, consuls, vice-consuls, consular agents of foreign countries, and "persons in other categories to be specified by the President, residing in the United States, who are not citizens of the United States and who have not declared their intention to become citizens."

Registrations for Jones County, will be held at the following places:

HAMLIN—Red Cross Room (Next door south Inzer Drug Store) L. H. McBride in charge.

Stamford—Council room of the City Hall with F. E. Upshaw in charge.

Noodle—School house, with W. J. Bicknell in charge.

Hawley—High school building, with Orvel F. Hill in charge.

Lueders—School building, with J. R. Nance in charge.

Anson—Jones County Local Board, located second floor of First National Bank building.

Hours To Open

Hours To Close

Miss Dorothy Gardner, Secretary of Hamlin Chamber of Commerce has been trying to get Hamlin business houses to arrive at some concerted action about opening and closing under the "War Time" set-up. But it seems not many agree. It would seem each one should post a card on their front door giving the hours. Up to now the list says:

8:30 Opening, 6:30 Closing—

Malouf Dept. Store.

Bryant-Link Company

Carter Variety Store

Hassen Dry Goods Co.

8:00 A. M. to 6:30 P. M.—

M. T. York Stores

Mrs. Kenneth Scott and daughter Miss Mignon Waggoner, returned Saturday from a visit with her sister in Yuma, Arizona.

American-Canadian Won Lasting Fame

The Herald receives through the Director of Public Information, Ottawa, Canada, weekly reports of "Canada at War." Below we reproduce the greatest poem of this, the greatest struggle for freedom.

Pilot Officer John Magee, Jr., an American citizen was killed on active service with the Royal Canadian Air Force on Dec. 11. This 19-year old son of Rev. and Mrs. John Magee, Washington, D. C., gave up a scholarship at Yale to enlist in the R. C. A. F. in October, 1940.

In September, 1941, after a flight into the sub-stratosphere he scribbled this sonnet on the back of an envelope:

HIGH FLIGHT

Oh! I have slipped the surly bonds of earth
And danced the skies on laughter-silvered wings;
Sunward I've climbed, and joined the tumbling mirth
Of sun-split clouds—and done a hundred things
You have not dreamed of—wheeled and soared and swung
High in the sunlit silence. Hov'ring there
I've chased the shouting wind along, and flung
My eager craft through footless halls of air.

Up, up the long, delirious, burning blue
I've topped the wind-swept heights with easy grace
Where never lark, nor even eagle flew—
And, while with silent lifting mind I've trod
The high, untrespassed sanctity of space,
Put out my hand and touched the face of God.

The original envelope-manuscript has now been requested by the Library of Congress for inclusion in a collection called "Poems of Freedom," which includes works of Burns, Clough, Longfellow, Walt Whitman and Shelley.

The Soldier's Herald

Parents or relatives sending the Herald to soldier boys will please help us keep their new addresses up to date. If the Herald is unable to reach them, it costs us 2 cents to learn about it. If their address is unknown, and they are still due to get the Herald, please notify us and we will set their name out till definite address is learned. Those who are responsible for paying subscriptions for the boys will please keep this end up. No paper is more welcome to the soldier boy than his home paper. Help us keep them hearing from home. Remember we would like to send every soldier boy a Herald free, but that is permitting too much on our part. Help us do something for the soldier from Hamlin. (15-tfc)

Lieut.- Gov. Candidate

SEN. VERNON LEMENS

The first lieutenant-governor candidate to forward his filing fee, Sen. Vernon Lemens of Ellis County is entering actively upon his campaign for election. Senator Lemens is one of the two Senators with the longest continuous legislative tenure, with eight years' service in the House and now in the sixth year in the Senate. He is a native of Red River County and subsequently resided in Hood and Somervell Counties, prior to moving to Waxahachie. Senator Lemens is a graduate of North Texas Teachers' College, Denton, and attended University of Texas Law School. He taught three years in Lubbock County prior to practicing law. He is a Baptist, a member of the American Legion and a Rotarian. His wife is the former Lydia Engberg of Angleton. They have two young sons.

Hamlin Cemetery Is Greatly Improved

At last Hamlin's East Cemetery is looking better. Recently, under the instructions of Miss Lennie Greenway, a great deal of trimming and cleaning of trees and surplus undergrowth has been done, and more driveways have been provided, and on the whole the place looks as if somebody "cares".

The recent work expended \$72.89 and a dollar's worth of work was received for every dollar spent.

Miss Greenway says she needs about \$25.00 more to complete a good job. So as a starter in 1942, who will remember to leave a dollar with Miss Greenway at the bank to care for this work. The community is fortunate in having someone who is civic minded enough to look after this matter. Miss Greenway has been keeping in close touch with what is going on out there, making two or three trips each day. Now the least others can do is to pitch in and provide more dollars for what ever kind of work that is needed. Leave a dollar.

Waste Paper—

Now we hear a lot about waste paper, how to save, how to turn it into something in our war effort. Here in Hamlin, even at haphazard efforts, and without definite instructions, the local Red Cross has received and sold \$50.38 worth of old papers to the "junk man." Right here, don't give stuff away. Junk men buy and some pay more than others. The \$50.38 received for waste papers went into the local Red Cross funds.

Now let's get down to business. If papers are saved, they should be stacked in classifications . . . old newspapers in one stack, magazines in another, and all papers about your home can fall into about two classes. All of the papers should be clean, free from any other kind of weight, and TIED IN BUNDLES. The tying can be done with strings, rope or wire. Really the best way to bundle papers is to lay two wires down squarely across each other and carefully pile the papers on them and then press heavily down on them while the wires are brought up and twisted with pliers. Bind all papers two ways, strongly. Do not let your old papers get wet. Take them to the Red Cross Room.

Save Your Paper—

Conserve paper! That request has been made to all the people by the government. Even before we were in war, the government was using one-third of the nation's paper box production for arms needs, and now military demand will rapidly increase. On top of that, the armed forces have many other important uses for paper of all kinds. The cheapest forms of paper, such as newsprint, can be reclaimed and

made into boxes and other articles.

When you do your shopping, get along with a minimum of wrapping. The National Association of Food Chains offers consumers five good suggestions when it says: 1. Don't ask for a bag when an item is already packaged. 2. Don't ask for separate bags unless necessary—or any bag at all if you have only a few items to carry. 3. Take groceries in cartons when available—then use the cartons as receptacles in which to save waste paper at home. 5. Remember to save on all kinds of paper.

Don't think the stores you patronize are being stingy when they stop using paper, string, tape and other wrappings in the wastefully lavish form we've become used to. When they cut down on paper use they are co-operating with the government. This is just one more of the many ways retaining in all its branches, chain store and independent store alike is serving the country now.

Every family can help in the conserve paper drive. Save all you can and turn it in when you reach a substantial poundage. The Army and Navy need it.

Clocks Ticking War—

If pushing up the clock one full hour will help produce, even ten planes, or half dozen tanks in one full year to help close the terrible war we are now in or help save one American boy, who should kick? It makes no difference what the civilian does, it is more comfortable and safer than our young men face "over there". We guys here in the lap of luxury and safety can even do without time pieces. Good old Sol is time telling enough, and more of his time should be used in this year of peril. Time is the greatest asset now left this "lagard" nation.

(So tick away old clocks, minute by minute, it's the law of a day when every second counts. Before this year passes, perhaps several million men will not count minutes, and think nothing of hours. They will be asking for more and more planes, tanks, ships and bullets. Let's give them all they need; they are offering all they have.

Slowly in this part of the Central Time zone, we will adjust ourselves to the War Time. Till near

Letters From Soldiers

"Somewhere" In California

Dear Mr. Pope and Friends:
I will write you and my friends in Hamlin to let you know I am OK.

We are stationed (somewhere) in California, to take care of the wounded soldiers coming from the battle front. You see I am in the 115th Medical Regt.

Mr. Pope, I wonder if you would let me know the names of the boys from Hamlin, over at the war front. Maybe I can see some if they come back here.

I am mess Sgt. and have to see that 250 men get fed three times a day. Boy, what a job! If you don't think so, try it.

If you or anyone around Hamlin know anyone in the service, write him, because it helps take his mind off the war.

I am looking forward to spending next Christmas in Hamlin.

Normandie Puzzle—

The greatest French liner, like a mighty crippled beast, lies on its side, a burned and blackened hull . . . an 84,000 ton monster, purported to have been almost fire proof. It burned for hours and hours, starting in broad daylight, while hundreds of men were working on its reconditioning for troop transport service.

It will be a long time before the mass of American people believe the bunk that it was not sabotaged. What kind of an atmosphere could a welder be in that a spark would start such a blaze? Yet authorities scoff at the idea of sabotage. There are too many "mere accidents" where great fires start in "construction" works and the American people can sense palliating statements. Why not out with facts? If the American people are not strong enough to take it, the quicker they know it the better. We are in WAR and it seems it is right on the shipping fronts. Let us quit being soft with anybody, anywhere. O yes, we Americans are so cock sure we never see or believe anything till it happens. Even a German officer with all his strappings can walk down our streets and not be noticed.

FSA Loans To Jones

County Boys, Girls

Loans to enable boys and girls in all farms and ranch families to help with war time food production are being made by the Farm Security Administration in co-operation with county agricultural agents and teachers of vocational agriculture.

Floyd Lynch, agent for Jones Co., says that loans will be made to members of 4-H, FFA clubs and other rural youth organizations who can't get adequate financial backing from other sources. Loans are not limited to children of present FSA borrowers.

"Types of projects include raising of pigs, calves, baby chicks, home gardens or the small scale commercial type, canning clubs, and a number of others. Loans can be made to buy the animals; for feed, seed, and fertilizer; spray equipment; canning supplies and other needed facilities," said Mr. Lynch.

The principal purpose of these club loans is to enable all farm and ranch boys and girls to do their part in the "Food-for-Freedom" program. The loan can be made for as much as \$75.00 and bears three per cent interest.

Loans will be made only to the youths willing and able to carry out the project.

Mr. Lynch said that he and Home Demonstration Agent Miss Brown, and vocational teachers will furnish the instruction to club members in completing their projects.

B. T. Beaver Seeks

Re-election to County Superintendent's Office

B. T. Beaver, county superintendent of the Jones county schools has authorized the Hamlin Herald to publish the following statements in his behalf:

TO THE CITIZENS OF JONES CO,
I wish to express my sincere appreciation to the people of Jones county for their hearty co-operation in helping to carry forward the county's school program. Strong co-operation on the part of the trustees, patrons, teachers, and pupils, has been evident at all times. Without this excellent co-operation our schools would not be on the high plane they are today.

I have enjoyed having a part in the advancement of the school program for Jones county. I believe that I can render better service now than at any time in the past. The preceding statement is based on the following facts:

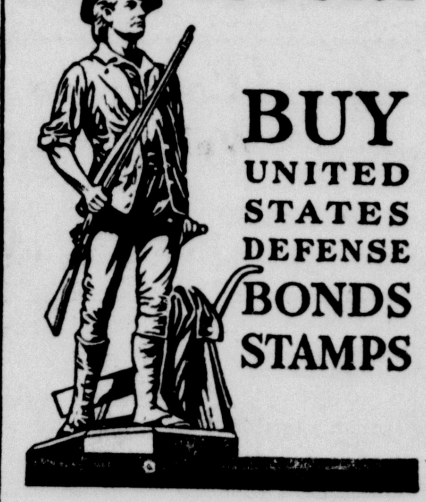

1. I am more familiar with our school system now than I have even been before.
2. I am closely in touch with the various divisions of the State Department of Education at Austin.
3. I am familiar with the modern trends in education.

Upon the above, and other reasons which space will not allow, I am asking for re-election to the office of

county superintendent. If elected, I shall strive, with the help of my efficient assistants, to render you a satisfactory service. I shall appreciate every effort put forth by you in my behalf.

Respectfully yours,
B. T. BEAVER

Jones Co. Red Cross Officers Are Elected

Mrs. C. F. Butcher, Hamlin chairman for the Jones County Red Cross Chapter attended the county meeting in Stamford Monday night.

O. A. Dean, of Anson was elected County Chairman.

Mrs. Gordon Bennett, Hamlin, Secretary.

Mrs. L. I. Bennett, Stamford Treasurer.

Byron Lewis, chairman for Stamford.

Mrs. C. F. Butcher, for Hamlin.

W. A. Haines, for Anson.

J. C. Ubanks, for Lueders.

Mrs. Frank Meeker for Hawley.

It was decided to have the County meetings once per month, the date to be decided later. At such meetings the public is invited.

Stamford is headquarters for the County Chapter, but it appears that each community has its own privileges in retaining a portion of the funds to be used as emergencies demand, or as the local committees feel the best. For example

each year there is a "Roll Call" for membership. Each membership means that 50 cents must go to Area Headquarters at St. Louis Mo. The remainder stays at "home." The recent "War Drive" permitted 15 per cent to be retained in the local community.

It is rumored now that some are seeking to have all such retained funds centered in one bank to be disbursed as a county unit. This would mean a lot of delay, inconvenience and perhaps embarrassment when a small emergency comes up in any place. There is no room for jealousy in Jones county. It is silly to hear arguments about where this or that is quartered, yet each community should have a bit of independence in affairs of charity.

Reports preceded officers election. A total of 1,916 memberships were obtained in annual Red Cross Roll Call. Mrs. Dudley Duncan chairman, reported. With donations \$2,377.80 were raised from regular drive, and \$3,556.56 contributed in war relief drive. Production quotas, totalling 6,772 garments were filled. Mrs. L. M. York recounted, 988 in first assignment, and 5,784 in second quota. Workers in Avoca Carlton, Hamlin, Hawley, Humble Camp, Ericksdahl, Berryhill, Lueders, Tuxedo, Anson and Stamford were thanked for their part in this activity by Mrs. York. Sixty families over Jones county were contacted by Miss Hybernica Grace in her home service missions which took her 1,163 miles in Red Cross work.

Phases in defense activities were told by Mayor C. M. Francis, Fire Chief Dick Rowland, district fire defense activities director, and Dr. F. E. Hudson, in charge of county emergency health service.

Mr. Dean, as new county chairman, addressed the group briefly. Nominating committee members were Mrs. Homer Hutto, Lueders; Mrs. C. F. Butcher, Hamlin; Dr. F. E. Hudson, Stamford, and Robert Cross, Anson.

Present from Hamlin were Mrs. J. M. Grigg, Mrs. C. F. Butcher and Miss Loucille Willis.

VICTORY BOOK CAMPAIGN

We are asking the people of Hamlin to leave their old books in the box at the Safeway Store, or at the Red Cross Room. If you have some books you have not read for a long time and they are in good shape you will make some soldier boy happy by giving that book to the Victory Book Campaign.

Fight Cattle Grubs

The cattle grub season is on. The dairy cows will decrease in production. Beef cattle may lose in flesh and certainly they will not make maximum gains.

A practical way to remove the grubs from a cow's back is to apply the following wash: 12 ounces of Derris or Cube having 5 per cent Rotenone; 2 ounces of a neutral soap mixed well with one gallon of hot water.

Apply this mixture with a stiff brush to the backs of the cows. It will take one-half to one pint to each cow. Rub it on hard to be certain some of the mixture gets to the nose of the grub. In other words, the time to apply the material is when the grub has eaten through the hide at which time he places his nose through the hole to get more air. In about thirty days the animals should be examined again to see if new grubs have cut a hole since the first treatment. If so, repeat the treatment; this time perhaps it will be more or less an individual treatment. Then in March examine the animals again to see if a few straggling grubs are left. If so, treat them. This is important in order to not let any go to seed to damage another year.

Meeting of Executive Committee Jones Co. Interscholastic League

The executive committee of the Jones County Interscholastic League met February 7, 1942, at 10:00 A. M., in the County Superintendent's office with County Superintendent B. T. Beaver, presiding.

The letter of resignation written by Hubert Morton, director general, was read and accepted. Carl Savage, principal of Anson Ward school was elected to fill the vacancy.

The following appointments by the director general were read and approved:

Dorothy Castles, Anson, director of choral singing.

Hesta Harris, Anson, director of one act plays.

J. D. Jenkins, New Hope school, director of number sense.

Emma Robinson, Anson, director of shorthand and typing.

Opal Cory, Oak Grove school, director of story telling.

Mrs. C. B. Roland, Pleasant Hill School, director of girls' athletics.

Mrs. N. H. Touchstone, Wise Chapel, director of rhythm band.

The following motions were made seconded and carried:

That the main events of Interscholastic League be held in Anson March 27th and 28th.

That Savings Stamps and certificates be awarded winners in the League events, instead of the usual pennants, trophies, and ribbons.

That the rules written for rhythm bands in 1939-40 be used in the 1941-1942 event.

That the debate event be run off by tournament instead of by Round Robin.

That there should be but one division in story telling contest.

That points for all round championship for the county be given according to rules in the constitution and rules of Interscholastic League.

Special Folder Gives Practical Help For Dairy Producers

To help local farmers increase production of milk and dairy products needed in the nation "Food for Freedom" campaign, the local cotton oil mill is distributing a special folder, "More Milk for Americans and Victory." Jim Moody, oil mill manager, has announced.

Copies of the folder may be obtained, free, by dairymen County Agents, Vocational Agriculture teachers, Farm Security Administration and Soil Conservation Service workers, and others interested in increasing milk production, he said. They are available at the oil mill or will be mailed to those who request them.

"Dairy authorities say present milk production can be increased 20 per cent by better feeding and stress the need for more protein to increase production," the circular points out. Practical rations and feeding suggestions, well-suited to local conditions, are contained in the folder, based upon recommendations of Experiment Station and other dairy feeding authorities.

As are all Americans, members of the cotton oil industry are assisting the national program to achieve victory in this war in every way that they can, the local mill manager said. "We are glad to be in a position to help local dairy farmers thru the distribution of this new folder, prepared by the Educational Service of our National Association, and want every dairymen to have a copy of the folder," he said. "In order to reach the maximum number of dairy producers, we hope that everyone interested in feeding dairy cattle will call at our mill or write for this folder."

Woman's Society of Christian Service

The Woman's Society of Christian Service met in the home of Mrs. Ray Jones last Monday afternoon with Mrs. H. A. Johnston and Mrs. Ed Bailey as co-hostesses.

The program subject was: "To Worship Rightly is to Love Each Other." Mrs. Dick Low was in charge of the program and was assisted on the program by Mrs. Moore, Mrs. C. E. Barrow, and Mrs. Fred Carpenter. Mrs. L. H. McBride, president, presided over the business meeting. Twenty ladies were present.

The Society will meet at the church next Monday afternoon with a Stewardship program in charge of The Spiritual Life committee.

Mrs. Louis Boyd Hostess For McCaulley Club

The Home Demonstration Club Members were entertained in the home of Mrs. Boyd Feb. 4th. Curtains that I like Best for the Home was the subject for a round table discussion. It was quite interesting the thoughts and facts that were brought out regarding windows—how placed in a room and the proper curtaining of each window.

Presiding for the program were Mrs. Joe Miers, president, and Mrs. Bill Fancher, acting secretary.

After the usual routine of business was disposed of, the president called for reports of standing committees. The finance committee reported \$28.00 made on a Stunt program given by club members for the Infantile Paralysis Foundation.

In order to raise some funds an apron has been made and each member is to put pennies for years old and sew in pocket. When all pockets are filled they will be opened and to the one who has given most pennies will receive the apron as a token for her generosity and will be honor guest at the party that the club will sponsor.

The club members concluded that Mrs. Boyd was an ideal hostess after partaking of a generous plate of refreshments, consisting of cookies, sandwiches and fruit punch.

Those present were Mmes. Geo. Darden, Della Fancher, Joe Miers,

Bill Fancher, Ray Maberry, Ben Kemp, Frank Maberry, Melvin Henderson and Jim Jackson.

Woman's Literary Club Meets For Business

The Woman's Literary Club met in the home of Mrs. Bowen Pope Friday, Feb. 6th.

Mrs. Ball was to have reviewed Berlin Diary, but due to many requests that others be privileged to hear it, the club voted to present Mrs. Ball in a public review Tuesday at 8 P. M. at the Methodist church.

After a short business session the club was adjourned.

Mrs. Miers Honored With Gift Shower At McCaulley Church

Sixty guests attended the going away party, complimenting Mrs. Miers, who is moving soon. Mrs. Turner Houghton presided at the registry table. Mrs. Bill Fancher as chairman of the decorating committee, made the church look unusually attractive, with a bowl of cut flowers here and a pot of greenery there. Mmes. Luther Rector, Cloyce Jones and Grady Adcock planned a spicy program.

First was a reading by her own son, Walter Nash Miers, followed with a reading by Patricia Rector; next came musical numbers by Patsy Maberry, Bonnie Beth Jones, Mary Ann McCollum, and Betty Blanche Miers, her daughter. Each one dedicated his or her number to "My Teacher."

Words of appreciation were spoken by Mrs. Levi McCollum from the Baptist church, Mrs. Louis H. Boyd from the Church of Christ, and Mrs. J. A. Jackson from the Methodist church. Mrs. Miers in her sweet and gracious manner thanked the ladies for the kind words of appreciation in her behalf, and came back at them with this will: "I bequeath to Mrs. Turner Houghton my tapping class; to Mrs. Granville Dean my gift or gab; to Mrs. Joe Miers my sylph like figure; to Mrs. Vera Jayroe and Mrs. Will Davison my music class; to Mrs. Luther Rector my gift of solo singing; to Mrs. J. A. Jackson, my S. teacher, my gift for gossiping."

There were many more small legacies, which I shall not mention.

There was a disturbance at the door and in walked two painters. They were members of the "Fun Union." It seems that they were supposed to work for the government by painting F. H. A. houses, but women were so hard to please they were not having much luck. They asked Mrs. Miers for an interview, which was very readily granted. They retired to an ante-room for privacy. To their surprise they found tables and chairs laden with gifts all wrapped in white and tied with yards and yards of ribbon. The gifts were opened and passed to the guests who were eager to see them.

In the meantime the refreshment committee was getting ready to serve a plate, carrying out the Valentine theme.

Mrs. Miers has been quite active in social, civic and church affairs. By her going it will leave a vacancy hard to fill. The N. D. Miers with their daughter, Betty Blanche and son, Walter Nash, are moving to their new country home at Hobbs, Texas. McCaulley and the community at large regret very much having them go, but the Hobbs community is to be congratulated by having them for good neighbors.

The guest list follows: Mmes. Stephenson, Short, Milsap, Koenig, Pickron, Luther Maberry, Henderson, Prather, Andress, McCollum, Boyd, Darden, Frank Maberry, Bishop, Frank Maberry Jr., Dick, Miers Ellis, Eivens, Chas. Eivens, Dean Casey Jones, Bunkley, Mason, Jackson, Turner Houghton, Madden, Jayroe, Davison, Johnson, Ottinger, F. L. Rector, Miles, Jackson, Galloway, Hodnett, Brown, R. L. Miers, Poe, Powers, Hennington, Luther Rector, Keller, Frank Houghton, Parker, Fancher, Joe Miers, Cloyce Jones; Misses Ila Eivens, Gertrude Mason, Mary Ann McCollum, Betty Blanche Miers, Patsy Maberry, Mary Lou Maberry, Patricia Rector, Frankie Jo Andress, Patsy Vee Powers and Margaret Darden.

Jones Co. Council H. D. Men In Anson Feb. 4th:

The Jones Co. Council of Home Demonstration met in Anson in the school auditorium on Feb. 4th, at 2 P. M. in regular session with the president in charge.

The meeting opened with the song "God Bless America" by the council, followed by a reading, "A Letter from a R. A. F. Flier to his Mother," by Joyce Eason.

Mrs. Jim Barker, District President, was introduced by the chairman and she gave the duties of the president, vice-president, secretary and treasurer of H. D. clubs. She also announced the district meeting at Baird on April 7th, and urged everyone to attend, as the State president, Mrs. W. G. Kennedy, will be at that meeting. Our district was 100 per cent for aid for Britain. Mrs. Barker also reported on the H. D. association meeting she attended recently and asked every H. D. club woman to push the "Fulmer Bill," which concerns H. D. work and which will probably come before congress next fall.

The association had \$2,700 in a bank in Houston and voted to buy Defense Bonds with \$2,000 of this money.

Mrs. Coffee of Callahan County was introduced and spoke on the duties of a council delegate.

Miss Brown, H. D. agent, spoke to club reporters and also asked each club to spend ten minutes in recreation at each club meeting.

She also announced that the H. D. clubs would have exhibits at the Stamford 4-H and F. F. A. show on Feb. 21st and assigned different exhibits to each club.

There were seven out of nine clubs in Jones County represented at this council meeting.

Intermediate League

Sunday at 6:45 P. M. at the Methodist church, the Intermediate League met. The meeting was called to order by the president. We had our business meeting. Then we had songs and talked about the subject of the meeting.

The program planned for the next meeting consisted of parts by Jeannine Johnston, Duane Carlton, Jo Ann McCrary and scripture reading by Shirley Moore.

All members are urged to come, and bring someone with you or if there are new members, we would be glad to have you.

Grow A Garden

"Every family should grow a victory garden in 1942," stated Miss Jewell Hipp, Co. H. D. Agent, to the member of the Plasterco 4-H club.

"Vegetables grown to supply the family table will save the vegetables on the store shelves for other people who cannot grow a garden," she explained.

Miss Hipp read cosmetic Hints on vegetables beautifying girls by having plenty of fresh vegetables daily. The club reported \$1.70 was collected for infantile paralysis.

The following members were present: Lovela Griffin, Johnnie Faye Griffin, Dorothy Dill, Wanda Smith, Joyce Dunn, Marceda Marchman, Billie Louise Gardner, Peggy Gene Gardner, Iris Ann Chriswell, Bobbie Jean Brown, Daurice Ewing, Sarah Ann Steele, Mildred Scott, Miss Hipp and Mrs. Dill.

The next meeting will be Feb. 20th, with the sponsor, Mrs. Red Dill on "Posture."

POT SHOTS FROM McCAULLEY

—BY GEO. DARDEN—

Helen Smith who is employed in Abilene, visited her parents, Mr. and Mrs. A. S. Smith over the week end.

Mr. and Mrs. N. D. Miers are in Dallas at the bedside of Grandmother Yates who has been seriously ill for more than two weeks.

Leo Parker and W. L. Herron McCaulley boys, left last Sunday for training camps somewhere in the United States.

The well drilling on the D. M. Maberry farm is now past 3500 ft. and drilling is to continue to the Pala Pinto pay some where around 4800 feet.

Mrs. Sherman Houghton who is ill in an Abilene hospital is reported to be improving.

J. M. Humphries is still confined to his bed after several weeks of illness.

The ladies of the community headed by Mrs. Jim Jackson will soon begin sewing for the Red Cross and plans are to secure a building in town for a sewing room and such work will continue throughout the duration of the war.

The following attended the C. of C. banquet at Hamlin last Thursday night: W. F. Davison, Levi McCollum, E. C. Waldrop, L. E. Recor and Geo. Darden. And may we say that we never heard a more patriotic address than was given by Senator John Lee Smith and not only was the address fine, but we enjoyed every minute of the program, even the explosion of Ted Russell's cigarette.

Horse back riding is again becoming popular around McCaulley and from the looks of things a lot of us are going to have to promote a horse or wear out a lot of shoe leather.

Some folks are getting all excited about the sugar situation and no doubt but what there has been some hoarding of sugar even in our own community. If folks would stop to think that it is about as bad to hoard sugar as it is to try to dodge the draft, maybe we would all get along better, and too, we will all likely do without more necessary items than sugar before this war is over.

We believe that the soldiers would appreciate more a raise in salary, instead of Government paid fan dancers.

It seems as if our government has done all possible to bring about a understanding that would benefit France in case she co-operates with the allied nations now, and due to the fact that the French government continues to be under the spell of Hitler, we say let her go to the axis and at the peace table give her no consideration whatever.

Mr. and Mrs. Lewis Gist of Sweetwater were Sunday visitors in the home of Mrs. Gist's parents, Mr. and Mrs. J. T. Rhoten.

Rev. and Mrs. Cecil Ottinger were visitors in McCaulley last Friday afternoon. Rev. Ottinger was a former Methodist pastor here.

Mr. and Mrs. Jimmie Eddington and children of Abilene were visiting friends in McCaulley last Sunday.

Mr. and Mrs. Burl Curtiss will leave within the next few days for Fort Worth where Mr. Curtiss will enter an aviation school.

It's about time the American people woke up to the fact that we are in for a long hard war and military reverses are becoming so numerous in the Pacific we might as well make up our minds to suffer plenty of hardships in order to win this war.

Mrs. Jim Jackson, Mrs. Joe Miers and Mrs. Bill Fancher attended a meeting of the home demonstration clubs of the county in Roby last Tuesday.

We need men in Congress who think more of the Government and the general public than they do of pensions for themselves; men who did not get in office on promises that were never fulfilled, such as getting a bill passed to deport Harry Bridges and a bill to repeal the pension for ex-president's widows etc. In fact we need men who have done something for this district for instance, men like Clyde Garrett.

In this column, we write exactly what we think and believe, and after all, the title is Pot Shots, and if you get out of step and we find out, we may take a pot shot at you. And we happen to know that the majority of subscribers want the

truth, whether it hurts the big or the little.

Bundles for Congress, or pensions for Congress is one of the most disgraceful pieces of legislation ever passed by both houses. While thousands in our United States do without the vital necessities of life, jumps Congress and passes a bill to pension a bunch of ten thousand dollar per year men, and may we add that some of them who voted for such a bill are not worth ten cents per year. Through this column, we would like to ask Congress a few questions, and we hope that all readers of these lines will cut out and mail to their Representatives along with a letter that will bring these ten thousand dollars per year men of greed down to earth. First, how about providing pensions for the farmers who have worked and toiled all these years in order to feed the nation? Second, pension all men and women who are past thirty-five years of age, as it seems as if most Civil Service jobs can't be filled after a person has passed his or her thirty-fifth birthday? Last, why not pension every man, woman and child in the United States? As such a pension would not be any more fantastic than the one just passed by Congress.

The Congressmen who voted the bill down to fortify Guam and other Pacific outposts, need a kick in the seat of the pants, and not a pension. We need a few more West Texans like Senator John Lee Smith in public office, Men, who have the plain people at heart, and men who believe that our soldiers are paying more with their lives, than we are paying in dollars and cents, in order to preserve our way of life.

We are aware of the fact, that the above statement is not good politics, but our answer is to h - with rotten politics, we are for America.
